Course Description: This two-day course will focus on developing strategies for tracking performance in project teams. Participants will examine issues such as benchmarking performance and establishing a gap between desired project performance and preferred performance. This course will follow one or more of Project Management Institute's knowledge areas of the *PMBOK® Guide*.

Method of teaching: Students will use discussion, cases, and group activities to facilitate the course.

Course Objectives:

Objective 1: Discuss advantages of performance management

- Identify performance needs
- Identify performance to project directives
- Analyze ways to communicate performance expectations in every project

Objective 2: Define ways in discovering the performance gap

- Classify benchmarking techniques of present performance
- Discuss training and the performance gap

Objective 3: Examine questions to ask in determining project performance

- Discuss how to break down project performance into understandable steps
- Define how to map the performance map
- Review monitoring of project performance indicators

Objective 4: Show how to link operational goals to project performance

- Analyze mentoring roles in advancing project performance
- Examine the impact of incorporating best practices in project performance
- Evaluate how to create a project performance results matrix
- Develop a project performance development plan to transition team members toward peak performance
