Dear Keith

WOW! Truly inspirational, educational, and down right entertaining!  
Two thumbs and two big toes up!

On Behalf of the Human Resource Association of Broward County, I cannot express our gratitude for your awesome presentation. Our members are still talking about how you inspired and motivated them to achieve new heights! As our first program speaker of the year you have raised the bar for all remaining speakers, which puts a tremendous challenge on our 2002 program chair.

Your information was relevant, informative, inspirational, and applicable and best yet, you made it entertaining and fun. It is not often that you hear a speaker that can make you laugh, touch you emotionally, and have you learn something at the same time!

Thanks again
