Dear Keith:

Thank you for your excellent presentation yesterday to our supervisory staff. Those who attended raved about your informative and highly entertaining style. The material which you presented reinforced our approach to progressive discipline, and hopefully fostered greater understanding of the issues for our supervisors.

This is the first time we have brought in someone from CareerTrack to train in our department, and, judging from the response, we will do it again in the near future.

Sincerely,

Larry E. Muse  
Assistant Chief Probation Officer
