Keith Mathis
106 Lakeview Woods
Eureka, MO 63025

Dear Keith,

The school year is all but over, and my staff is still chattering about your presentation. Your words were very meaningful and motivating. I am still moved by how genuine and real your message was, and still is.

I believe you helped us make a difference and finish the school year strong. We consulted with you for a session that would be light, uplifting, and inspiring. Certainly, you came through with flying colors.

Thank you for a wonderful experience. We would not hesitate to ask you back again. It is without reservation that I recommend Keith Mathis to present an educational seminar.

Educationally,

Daniel G. Jones
Superintendent of Schools

Preparing each student to be a caring & critical thinking citizen.
