Keith Mathis, Ph.D.
106 Lakeview Woods
Eureka, MO 63025

Dear Dr. Mathis:

Thank you for your excellent presentation at our opening session at Senath-Hornersville Schools. The program "Creating a Positive School Environment Among the Staff" was just exactly right for our organizations. Your focus on increased productivity and expectations hit home for most of us, and I heard only good and positive comments in the aftermath of your address and the following workshop.

Please do not hesitate to use me and my school as a reference for schools interested in similar seminars/workshops. Your total package was exactly what I envisioned as our need before I contacted you.

Again, thanks for your assistance. You have helped us "get off on the right foot" this school year!

Sincerely,

Keith Robertson
Superintendent of Schools
